

SJ

I'm 28 years old, curious and interested in people, places, and true stories. When I am not with my friends or family, I like to travel and learn about new countries, and cultures.

MOTIVATION

My specialization in live communication was exactly right for me. One highlight was the Multimedia Award 2023, where I was part of a great team. Together we put on an impressive show, which further strengthened my belief in the power of teamwork.

Today I manage brand experiences for major Swiss clients – from the first briefing to the moment the last truck leaves the festival ground. I would like to bring that experience into your next projects: events, campaigns, brand identity, customer care and project management. Thank you very much for your time and I would love to hear from you.

THE ONLY WAY
TO DO GREAT WORK IS TO
LOVE WHAT YOU DO
